

Jodi Baer

Jodi Baer is the Director of Operations for Tee It Up for the Troops and is responsible for efficient and effective management of the team's day-to-day activities. After graduating as a dental assistant and spending several years in the dental world, Jodi accepted a role with an insurance company that was just getting started in dental insurance. In her time spent with the insurance company, Jodi was selected to manage multiple teams involved with special projects including a company acquisition and the selection and implementation of a new claims processing system.

Transitioning to the non-profit world has been a learning experience and one that Jodi is truly thankful for. As the Director of Operations, Jodi has used training received from programs like Stephen Covey's Seven Habits of Highly Effective People and Six Sigma Project Management to proficiently manage the increase in the number of Tee It Up for the Troops events held across the United States from 19 to 55 in just four years.

Landing the job with Tee It Up for the Troops has been life changing for Jodi! The unwavering spirit and sacrifice of the men and women of the United States Military has been incredibly inspiring. Jodi will never forget the service and sacrifice of all the men and women who serve in our United States Military, our Veterans, and their families. They are her real American Heroes!
